PROFESSIONAL EXPERIENCE

Independent Customer Success Consultant (fractional)

Jan 2026 – Present

Fractional Customer Success Lead | Madrid, remote

- Fractional and interim customer success engagements for B2B SaaS companies: renewal-risk reviews, health-score models, executive business review programmes and expansion planning.
- Designed onboarding and success playbooks that give founders and CS teams a repeatable path from signature to renewal.
- Built AI-assisted renewal forecasting and account-health tooling that turns usage and support data into weekly risk calls.

Pressure Calibration

Feb 2025 – Present

Co-Founder and Commercial Lead | Madrid

- Co-founded a performance and wellbeing company helping commercial leaders and teams perform under pressure; built go-to-market, customer success framework and onboarding from zero.
- Opened early enterprise pipeline through direct engagement with CROs and VP Sales; runs cohort programmes in Madrid and the Nervous System Summit in Tallinn.

Coursera

May 2021 – Feb 2025

Senior Customer Success Manager, Strategic Accounts | London

- Owned \$11M+ ARR across 25+ strategic enterprise accounts including Volkswagen Group, Novartis, HSBC and BBVA; primary advisor to C-suite and VP stakeholders on adoption and transformation goals.
- Delivered 90%+ renewal rates and 125% net revenue retention through proactive risk mitigation, multi-quarter success planning and rigorous outcome tracking; prevented several six-figure churn events.
- Led executive business reviews with Fortune 500 stakeholders and built mutual success plans that produced hundreds of thousands of dollars in incremental ARR.
- Designed adoption roadmaps and change-management programmes for complex, multi-country deployments, reducing time to value and lifting engagement.
- Used Gainsight, Tableau and Power BI to surface adoption gaps and expansion signals; the resulting playbooks were adopted team-wide.
- Mentored customer success managers, wrote process documentation and supported hiring and onboarding; acted as voice of customer into the product roadmap.
